**DETAILED ACTION**

1. Claims 5-7 and 17-29 are pending in the present application.
2. Claims 1-4 and 8-16 have been cancelled.

***Allowable Subject Matter***

3. The following is an examiner's statement of reasons for allowance:

In the last correspondence claims 5-7 and 17-29 were noted as allowed.

Applicant's amendment canceling claims 1-4 and 8-16 renders the rejection cited under 35 USC 103(a) moot. The prior art of record fails to teach the combined elements of independent claims 5, 17, 23 and 26. Specifically, the prior art fails to teach the following limitation: adding a particular security association entry based on the received packet to said ordered associative memory entries, the particular security association entry corresponding to the particular Internet Protocol security policy, and the particular security association entry being added to said ordered associative memory entries prior to the particular associative memory entry location and after other security policy entries of said ordered list of Internet Protocol security policies as cited in the independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
